Districts as Export Hubs Initiative

To transform every district into an export hub, supporting the Atmanirbhar Bharat mission and is expected to **boost economic growth, employment, and rural development** by connecting local production to global supply chains.

- Key focus on grassroots-level export promotion, manufacturing, and job creation, unlocking each district's potential.

Central Nodal Agency – Directorate General of Foreign Trade

- **DGFT under the Ministry of Industry & Commerce, Government of India** is responsible for foreign trade policy implementation and focusing on export promotion
- Bengaluru Regional Office serves key importers & exporters in Karnataka

State Nodal Agency – Visvesvaraya Trade Promotion Centre

- **VTPC, a government of Karnataka organization under the aegis of Department of Industries & Commerce** aims to foster international trade and support exporters through capacity building programs and policies to achieve global competitiveness

Implementing Agency – District Industries Centre

- **DIC aims to facilitate MSME (Micro, Small and Medium-scale Enterprises) development** in rural areas, implementing government schemes to enhance industrial growth & employment
- Further, **State & District Level Export Promotion Committees (SLEPC & DLEPC)** have been established to boost export ecosystem (*GO No.. CI 168 CSC 2015, Bangalore, dated 22nd July 2015 and G.O. No. CI 21 SPI 2019 (E), Bengaluru, dated 10th February 2020*)

Objectives - DEH

- **Empower MSMEs, Farmers, and Small Industries:** Facilitate access to international export opportunities, emphasizing district-led export growth to achieve self-sufficiency and self-reliance.
- **Enhance Support for Existing Export Industries:** Deliver targeted support to current export sectors to significantly increase their export capacities.
- **Promote Capacity Building:** Initiate programs aimed at consistently upgrading export quality through effective capacity-building efforts.
- **Attract District-Level Investments:** Encourage investments to strengthen manufacturing and export capacities while fostering a district-level innovation ecosystem that leverages technology to enhance exporter competitiveness.
- **Simplify Regulatory Framework:** Develop a regulatory environment that is streamlined, transparent, and responsive to facilitate uninterrupted export growth.

Improving Ease of doing Business

The Business Reforms Action Plan (BRAP) by the DPIIT aims to enhance the ease of doing business in India by tracking and ranking states and UTs based on the implementation of various reforms that foster a more business-friendly environment.

GO realized by VTPC for DEH

Government of Karnataka

No. CI 21 SPI 2019 Karnataka Government Secretariat
Vikasa Soudha,
Bangalore, Dated 14.02.2025

ADDENDUM

Sub: Addition of Terms of Reference for District Level Export Promotion Committee – reg.

Read: 1. G.O.No. CI 290 SPC 94(P), Dated 28.02.2005.
2. Reconstituted G.O.No. CI 21 SPI 2019, Dated 10.02.2020.
3. DPIIT's State Business Reform Action Plan - 2024 (SBRAP) (Part-B: State/UTs) of Karnataka Udyog Mitra, GoK - EODB Nodal Agency for the State vide email dated 31.01.2025.
4. Director (Exports) and Managing Director, VTPC letter No.VTPC/AD/DLEPC/2024-25, dated 01.02.2025.

The Government has constituted District Level Export Promotion Committee (DLEPC) vide Government Order read at (1) above. The Committee was reconstituted by inclusion of members and Terms of Reference vide Government Order read at (2) above.

In order to improve the Ease of Doing Business in the State and improve the State ranking, DPIIT has suggested certain reforms and the same was intimated by Karnataka Udyog Mitra, Government of Karnataka - EODB Nodal Agency for the State vide e-mail read at (3) above.

Accordingly, Director (Exports) and Managing Director, VTPC has submitted a proposal to include the following Terms of Reference (Reforms) in the District Level Export Promotion Committee (DLEPC) read at (4) above. Hence, the following Addendum.

Reform No.	Sub-Area	Reform Details
333	Integration of District Export Action Plans into a Centralized Portal	Mandate that the District Collector, via the District Export Promotion Committee (DEPC), create and periodically review a District Export Action Plan (DEAP). The plan should outline the district's export potential, key products, infrastructure, and strategies leveraging its unique advantages. At least four DEPC meetings should be held annually.
334	Integration of District Export Action Plans into a Centralized Portal	Develop an online system where stakeholders, including Government agencies, exporters, industrial associations, and business, can access all district action plans. This system will serve as a one-stop platform for all districts, offering critical insights into export initiatives.

35. Additional Director (P&P), Directorate of Large & mega industries, Khanijabavan, Race Course Road, Bengaluru-01.
36. Guard File/ Spare Copies

Queen's Road, PB 6th Floor, rba Road, e Course ya, ch Street, Industry j, Magadi PC, EEPC, uru-52, (CII), No. Building, 7thBlock, aSoudha, artment, aSoudha,

88	Aviation	99.4	3.2%	26.3%
93	Defense	55.6	1.8%	-13.0%
Top 10 Contribution to Exports		2,535.3	80.3%	3.3%
Total Exports		3,157.4	100%	2.7%

C Top Trade Partners

Bengaluru Rural enjoys good connectivity through a combination of road, rail, air, and digital networks, supporting both economic activities and daily commutes

Social Infrastructure

Colleges :54
High Schools:292
Healthcare centers :102
Research & Development Centers: HP Green R&D Center, San R&D Center

- Well connected by **Inter & Intra City railways**
- **5 major railway station** ~ connecting major economic nodes across neighboring states

- **Nearest seaport** ~ Mangalore (distance ~ 352 kms)
- **ICD Whitefield** ~ One of the largest in India connected via **NH 4, NH 7 & SH 35** with **direct rail cargo** connectivity to Chennai Port, Cochin Port and JNPT

- Arterial national highway linking the region extending over ~140+ kms
- **NH44** (Hyderabad – Bengaluru – Chennai)
- **NH48** (Mangalore – Neelamangala),
- **NH648** (Doddaballapur-Hosakote)

- 90% of the area receives 650 mm of rainfall ~ access to Akavati, Kanva & Dakshina Pinakini river
- **BWSSB** ~ Nodal agency for water supply
- **BESCOM** ~ Nodal agency for power supply

- Excellent international connectivity with **presence of Kempegowda International Airport (KIA)** –
- **Capacity** ~ 2.45 lakh aircraft movements, 50 -60 mn passengers and 4.39 lakh tonnes cargo
- **Proposed Expansion of BIAL Phase II** - domestic & international operations

- **14 Industrial Areas** (KIADB) and **03 Industrial Estates** (KSSIDC)
- **Industrial land bank** ~ 3,012+ Acres across Nelamangala, Hoskote, Devanahalli Taluk
- **Major industrial area** – Dabaspeta, Sompura, Awarahalli, Doddaballapur

Strengths, Opportunities, Weakness and Threats for Bengaluru (Rural)

S

Strengths

- **Agricultural Excellence:** Fertile land and favorable climate support cereals, pulses, oilseeds, and sericulture.
- **Industrial Growth:** ITIR Industrial Area offers investment opportunities in precision engineering, textiles, IT/ITES, and biotechnology.
- **Leading Silk Production:** The district, one of India's largest silk producers and 10% of the total MSME units in the district are engaged in the sector
- District access to major highways like NH 44 and NH 75 for efficient transportation. Proximity to Kempegowda International Airport enhances export potential, ensuring global reach.

W

Weakness

- **Economic Vulnerability:** The district relies heavily on agriculture and traditional manufacturing. Initiatives like Apparel Parks in KIADB, Doddaballapur, aim to address structural weaknesses and enhance production quality.
- **Infrastructure Deficiencies:** Limited support infrastructure exists, but IT parks and SEZs in peripheral regions have increased demand for residential and commercial properties.
- **Irrigation Challenges:** The district depends on tube wells for irrigation due to reliance on rainwater, which can be mitigated by constructing micro-irrigation structures.

O

Opportunities

- **Investment Opportunities in Aerospace & Defense:** Investment will be supported by the Karnataka Aerospace Policy 2013–2023, which offers subsidies and incentives on investment promotion, stamp duty, registration charges, land conversion fees, and more
- The government and Foxconn are setting up an iPhone assembly **plant with a Rs22,000 crore investment, creating over 40,000 jobs.**
- **407-acre Bengaluru Signature Business Park** is poised to become a major hub for industries, particularly financial technology and corporate offices.

T

Threats

- **Impact of Urbanization on Sericulture Development:** Thousands of acres in the district have been repurposed for real estate, adversely affecting silk farming. Silkworm cocoon production declined by 8.31% due to severe summer water scarcity, groundwater depletion, and recent droughts..

Potential Products

Framework of top export products from Bengaluru (Rural)

Framework for shortlisting priority products for Bengaluru (Rural)

Analysis of Last 3 years export data at Bengaluru (Rural) level (FY 2020- 21 to FY 2023-24) – estimating average trade at 2-digit level for identified products

Traditionally strong sectors

A

Karnataka exports

Analysis of Last 3 years export data at Karnataka level (FY 2020- 21 to FY 2023-24) – estimating average trade at 2-digit level for identified products

B

Key export clusters

Identification of key export clusters of focus sectors / products with high manufacturing potential

Sunrise sectors

C

Global imports & India exports

Analysis of last 3 years export data at Global imports and National exports level (FY 2020-21 to FY 2023-24) – estimating average trade at 2-digit level for identified products

D

Karnataka manufacturing sectors

Analysis of top sectors contributing >4% to the overall manufacturing sector value of output as of FY 2022-23

Criteria for shortlisting sectors top 10 – 12 sectors:

- Identification of products contributing cumulatively to ~80% of overall exports – Bengaluru (Rural) exports
- Identification of products contributing cumulatively to ~90% of overall exports – Karnataka and India exports
- Identification of products contributing cumulatively to ~90% of overall imports – Global imports
- Identification of top sectors contributing >4% to the overall Karnataka's manufacturing sector value of output
- Identification of existing export clusters for focus products in Karnataka as part of compete with China initiative
