Districts as Export Hubs Initiative

To transform every district into an export hub, supporting the Atmanirbhar Bharat mission and is expected to **boost economic growth, employment, and rural development** by connecting local production to global supply chains.

- Key focus on grassroots-level export promotion, manufacturing, and job creation, unlocking each district's potential.

Central Nodal Agency – Directorate General of Foreign Trade

- **DGFT under the Ministry of Industry & Commerce, Government of India** is responsible for foreign trade policy implementation and focusing on export promotion
- Bengaluru Regional Office serves key importers & exporters in Karnataka

State Nodal Agency – Visvesvaraya Trade Promotion Centre

- **VTPC, a government of Karnataka organization under the aegis of Department of Industries & Commerce** aims to foster international trade and support exporters through capacity building programs and policies to achieve global competitiveness

Implementing Agency – District Industries Centre

- **DIC aims to facilitate MSME (Micro, Small and Medium-scale Enterprises) development** in rural areas, implementing government schemes to enhance industrial growth & employment
- Further, **State & District Level Export Promotion Committees (SLEPC & DLEPC)** have been established to boost export ecosystem (*GO No.. CI 168 CSC 2015, Bangalore, dated 22nd July 2015 and G.O. No. CI 21 SPI 2019 (E), Bengaluru, dated 10th February 2020*)

Objectives - DEH

- **Empower MSMEs, Farmers, and Small Industries:** Facilitate access to international export opportunities, emphasizing district-led export growth to achieve self-sufficiency and self-reliance.
- **Enhance Support for Existing Export Industries:** Deliver targeted support to current export sectors to significantly increase their export capacities.
- **Promote Capacity Building:** Initiate programs aimed at consistently upgrading export quality through effective capacity-building efforts.
- **Attract District-Level Investments:** Encourage investments to strengthen manufacturing and export capacities while fostering a district-level innovation ecosystem that leverages technology to enhance exporter competitiveness.
- **Simplify Regulatory Framework:** Develop a regulatory environment that is streamlined, transparent, and responsive to facilitate uninterrupted export growth.

Improving Ease of doing Business

The Business Reforms Action Plan (BRAP) by the DPIIT aims to enhance the ease of doing business in India by tracking and ranking states and UTs based on the implementation of various reforms that foster a more business-friendly environment.

GO realized by VTPC for DEH

Government of Karnataka
No. CI 21 SPI 2019 Karnataka Government Secretariat
Vikasa Soudha,
Bangalore, Dated 14.02.2025

ADDENDUM

Sub: Addition of Terms of Reference for District Level Export Promotion Committee – reg.
Read: 1. G.O.No. CI 290 SPC 94(P), Dated 28.02.2005.
2. Reconstituted G.O.No. CI 21 SPI 2019, Dated 10.02.2020.
3. DPIIT's State Business Reform Action Plan - 2024 (SBRAP) (Part-B: State/UTs) of Karnataka Udyog Mitra, GoK - EODB Nodal Agency for the State vide email dated 31.01.2025.
4. Director (Exports) and Managing Director, VTPC letter No.VTPC/AD/DLEPC/2024-25, dated 01.02.2025.

The Government has constituted District Level Export Promotion Committee (DLEPC) vide Government Order read at (1) above. The Committee was reconstituted by inclusion of members and Terms of Reference vide Government Order read at (2) above.

In order to improve the Ease of Doing Business in the State and improve the State ranking, DPIIT has suggested certain reforms and the same was intimated by Karnataka Udyog Mitra, Government of Karnataka - EODB Nodal Agency for the State vide e-mail read at (3) above.

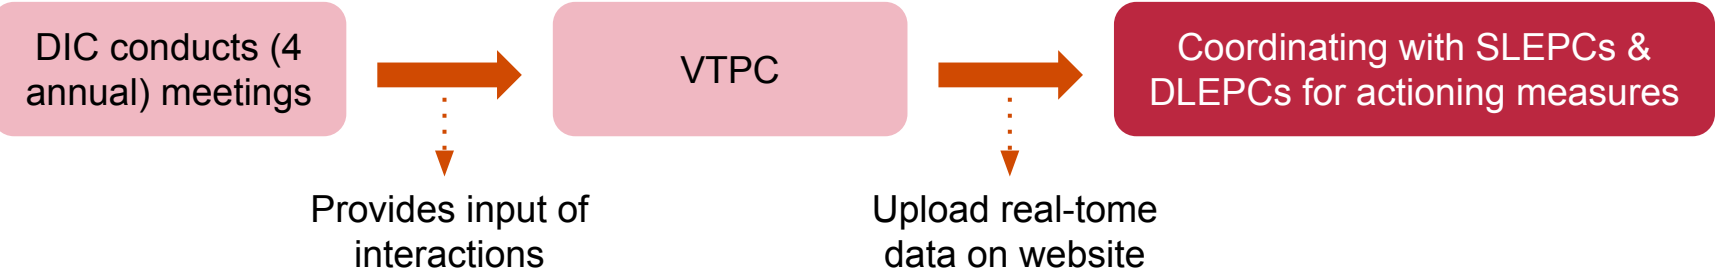

Accordingly, Director (Exports) and Managing Director, VTPC has submitted a proposal to include the following Terms of Reference (Reforms) in the District Level Export Promotion Committee (DLEPC) read at (4) above. Hence, the following Addendum.

Reform No.	Sub-Area	Reform Details
333	Integration of District Export Action Plans into a Centralized Portal	Mandate that the District Collector, via the District Export Promotion Committee (DEPC), create and periodically review a District Export Action Plan (DEAP). The plan should outline the district's export potential, key products, infrastructure, and strategies leveraging its unique advantages. At least four DEPC meetings should be held annually.
334	Integration of District Export	Develop an online system where stakeholders, including government agencies, exporters, industrial associations,

35. Additional Director (P&P), Directorate of Large & mega industries, Khanijabavan, Race Course Road, Bengaluru-01.
36. Guard File/ Spare Copies

Reform no.	Sub-Area	Reform Details
333	Integration of District Export Action Plans into a Centralized Portal	Mandate that the District Collector, via the District Export Promotion Committee (DEPC), create and periodically review a District Export Action Plan (DEAP). The plan should outline the district's export potential, key products, infrastructure and strategies leveraging its unique advantages. At least four DEPC meetings should be held annually.
334	Integration of District Export Action Plans into a Centralized Portal	Develop an online system where stakeholders, including Government agencies, exporters, industrial associations and business, can access all district action plans. This system will serve as a one-stop platform for all districts, offering critical insights into export initiatives.
335	Integration of District Export Action Plans into a Centralized Portal	Ensure that the DEAPs are updated in real-time on the portal, enabling stakeholders to monitor progress, identify bottlenecks and propose improvements.

Supporting exporters to voice their concerns

About District Mysuru

District Profile | Mysuru

5th Rank in District's GDDP ~ contributing to ~**4%** as of 2022-23

Sectoral Ranking at State Level

Agriculture
3rd

Industrial
9th

Services
3rd

Net District Domestic Product

INR 71,436.34 Crore

Per Capita Income

INR 215,398

- **Strategically located with presence** of 2 National highways (NH275k and NH212/ NH766) and Kempegowda International Airport connecting various economic nodes at National and International level
- **Agro Produce**– major crops produced include – Paddy, Ragi, Jowar, Bajra, Banana, Mango, Chiku, Bean Carrot, Potato and Brinjal.
- **Industrial profile led by Micro units** comprising of 94% of overall units registered in the region. Key industrial areas include Hebbal, Metagalli, Hootagalli, Belavadi, Belagola, Kadakola, Nanjangud, Thandya, Thandavapura, Adakanahalli and Immavu
- **Major Companies:** Bosch, Toyota, Asian Paints, Infosys, Wipro, Volvo, Scania, Jubilant Generics, Mercedes-Benz

Industrial Profile of Mysuru

A MSME & Large-scale Industrial Units

94% of the MSME registered are **Micro enterprises**, indicating the district can improve the benefits and incentives provided to the Small and Medium enterprises to encourage more participation.

B Key Players

Source: District Export Action Plan, <https://indiaindustrialandbank.gov.in/exploreParkReport>
PwC

C Industrial areas

12 industrial area under KIADB with area of 1625 Ha

7 industrial area under KSSIDC with area of 79 Ha

Key Industrial Park	Area (in Ha.)	Occupancy
Hebbal industrial area	490	490
Nanjangud Industrial area	176	176
Belagola Industrial Area	169	169
Immavu IA	139	139
Hebbal	31	31

D District's output

E Key Sectors

	Total Output (in lakh)	GFCF	No of factories
Optical & Medical equipment	42,080	1,475	28
Chemical Products	760,123	1,014	60
Machinery & Equipment	43,901	4,025	17
ESDM	81,913	11,897	21

- Chemical products has the largest output of INR 760,123 lakh and has highest investment to output ratio of 750x.
- ESDM is the 2nd largest sector with an output of INR 81,913 lakh

Mysuru contributes to ~ 12% of overall state level exports as of FY24 – Significantly led by Automotive, ESDM, Organic Chemicals industries

A Mysuru Export Trends

B Key Export Commodity from Mysuru

HS Code	Product Description	Exports as of FY 2023-24 (USD Mn)	% Share of District's Export	CAGR (3 Years)
87	Automotive	178.8	23%	3%
85	ESDM	138.5	18%	-1%
29	Organic Chemicals	72.6	9%	-3%
9	Coffee, tea, mate, and spices	51.7	7%	-1%
84	Machinery & Equipment\	47.7	6%	16%
63	Other made-up textile articles	17.1	2%	-13%
39	Plastics	16.9	2%	-6%
90	Optical & Medical Equipment	13.4	2%	-4%
33	Essential Oils	13.2	2%	
88	Aviation	7.1	1%	47%
Top 10 Contribution to Exports		557	72%	
Total Exports		764.7	100%	18%

C Top Trade Partners

Mysuru enjoys good connectivity through a combination of road, rail, air, and digital networks, supporting both economic activities and daily commutes

- Well connected by **Inter & Intra City railways**
- **1 major railway station** ~ connecting major economic nodes across neighboring states

- **Nearest seaport** ~ Mangalore (distance ~ 257.7 kms)
- **ICD Whitefield** ~ One of the largest in India connected via **NH 4, NH 7 & SH 35** with **direct rail cargo** connectivity to Chennai Port, Cochin Port and JNPT

- **NH 275** (Bengaluru–Mysuru)
- **NH 212/NH 766** (Coimbatore to Gundlupete)

- The area receives 798.6 mm of rainfall ~ access Cauvery River, its tributaries, and recharge wells
- **MWSB** ~ Nodal agency for water supply
- **CESCOM.** ~ Nodal agency for power supply

- **Nearest airport** - Kempegowda International Airport (KIA) ~170 km
- **Capacity** ~ 2.45 lakh aircraft movements, 50 -60 mn passengers and 4.39 lakh tonnes cargo

- **12 Industrial Areas** (KIADB) and **07 Industrial Estates** (KSSIDC)
- **Industrial land bank** ~ 4,237+ Acres across Hebbal, Nanjangud, Belagola
- **Major industrial area** – Hebbal industrial area, Nanjangud Industrial area, Belagola Industrial Area

Social Infrastructure

Colleges :281
High Schools:1,537
Healthcare centers :163
Research & Development Centers: Central Sericultural Research & Training Institute

Strengths, Opportunities, Weakness and Threats for Mysuru

S

Strengths

- **Agricultural Excellence:** Fertile land and favorable climate support cereals, pulses, oilseeds, and sericulture.
- **Industrial Growth:** ITIR Industrial Area offers investment opportunities in precision engineering, textiles, IT/ITES, and biotechnology.
- **Leading Silk Production:** The district, one of India's largest silk producers and 10% of the total MSME units in the district are engaged in the sector
- District access to major highways like NH 44 and NH 75 for efficient transportation. Proximity to Kempegowda International Airport enhances export potential, ensuring global reach.

W

Weakness

- **Economic Vulnerability:** The district relies heavily on agriculture and traditional manufacturing. Initiatives like Apparel Parks in KIADB, Doddaballapur, aim to address structural weaknesses and enhance production quality.
- **Infrastructure Deficiencies:** Limited support infrastructure exists, but IT parks and SEZs in peripheral regions have increased demand for residential and commercial properties.
- **Irrigation Challenges:** The district depends on tube wells for irrigation due to reliance on rainwater, which can be mitigated by constructing micro-irrigation structures.

O

Opportunities

- **Investment Opportunities in Aerospace & Defense:** Investment will be supported by the Karnataka Aerospace Policy 2013–2023, which offers subsidies and incentives on investment promotion, stamp duty, registration charges, land conversion fees, and more
- The government and Foxconn are setting up an iPhone assembly **plant with a Rs22,000 crore investment, creating over 40,000 jobs.**
- **407-acre Bengaluru Signature Business Park** is poised to become a major hub for industries, particularly financial technology and corporate offices.

T

Threats

- **Impact of Urbanization on Sericulture Development:** Thousands of acres in the district have been repurposed for real estate, adversely affecting silk farming. Silkworm cocoon production declined by 8.31% due to severe summer water scarcity, groundwater depletion, and recent droughts..

Potential Products

Framework of top export products from Mysuru

Framework for shortlisting priority products for Mysuru

Analysis of Last 3 years export data at Mysuru level (FY 2020- 21 to FY 2023-24) – estimating average trade at 2-digit level for identified products

Traditionally strong sectors

A

Karnataka exports

Analysis of Last 3 years export data at Karnataka level (FY 2020- 21 to FY 2023-24) – estimating average trade at 2-digit level for identified products

B

Key export clusters

Identification of key export clusters of focus sectors / products with high manufacturing potential

Sunrise sectors

C

Global imports & India exports

Analysis of last 3 years export data at Global imports and National exports level (FY 2020-21 to FY 2023-24) – estimating average trade at 2-digit level for identified products

D

Karnataka manufacturing sectors

Analysis of top sectors contributing >4% to the overall manufacturing sector value of output as of FY 2022-23

Criteria for shortlisting sectors top 10 – 12 sectors:

- Identification of products contributing cumulatively to **~80% of overall exports** – Mysuru exports
- Identification of products contributing cumulatively to **~90% of overall exports** – Karnataka and India exports
- Identification of products contributing cumulatively to **~90% of overall imports** – Global imports
- Identification of top sectors contributing **>4% to the overall Karnataka's manufacturing sector** value of output
- Identification of **existing export clusters** for focus products in Karnataka as part of compete with China initiative
